

Nuxalk House of Smayusta

Appeal for the House of Smayusta

1 May 2012

The Nuxalk House of Smayusta in Bella Coola is in bad shape and has been condemned as unsafe. We would like to preserve the building and its contents so that it can continue to function as an educational centre for traditional knowledge. This would include preserving the legacy of Chief Qwatsinas and provide a secure depository for his writings and other archives relating to the Nuxalk Hereditary Chiefs. Please contact Gail Moody (wife of Chief Nuqwlqwliyu) for any further information about the effort to raise funds for this important project.
